Hi Deborah.

Attached you will find "draft" consultation letters for Laguna and Acoma Pueblos regarding the NPL listing of San Mateo Creek Basin. Ben mentioned last week that he would like to have letters for the briefing with Carl this afternoon. These letters were written using the same format of the consultation letters we sent in November 2016. Please edit/format the draft letters – dates have been left blank. Let me know if you have any questions.

Thanks.
